APPROVED ADDRESS

GEORGE FIELD,

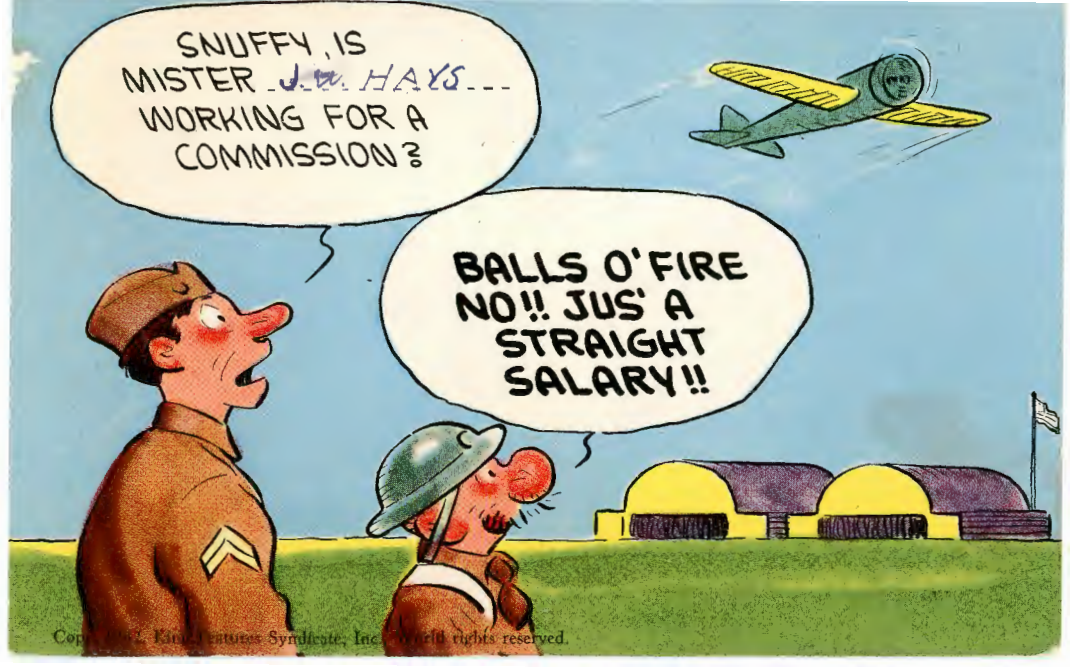

Dear Folks,

I haven't thought to tell you I was writing a letter so this card will have to suffice. We haven't done any thing yet except the preliminaries but will start everything with a bang tomorrow. The delay was due to boys coming in at a later time from other basic schools. I did meet my instructor today and was shown the airplane. My instructor seems to be a good Joe but ~~the~~ airplane. It has more gadgets on it than anything I ever saw even on a cow.

Take care of yourselves and I'll write when I have something to say.

Love,
Joe
