(CENSOR'S STAMP)

SEE INSTRUCTION NO. 2

Dear Folks,

Before I go any further you might check my new address. Only a minor change but a change nevertheless. It happened yesterday afternoon at 1530.

The reason I'm dashing off this quick V mail is to tell you about our pass. It's been moved up a day, making it start on the second, and it's to last for 8 days instead of five. This has happened because we got our regular monthly 3 day pass hooked on to the five day one that we won. Tom and I have definitely decided that we are going to Bouenmouth. The rest of the crew is going to London but I'm going to pass through there as fast as possible. You may think that there is no need in my telling you since this is only the 29th but we may get to take off at any time. I'll write from Bouenmouth U. S. O. to night that I'm going to attend.

John Hays
