MISS.

Dear Folks,

I won't start a letter because
there is no telling when I would
have time to finish it. My trip
from Clarksdale to here was
unpleasant, the usual thing, no
sleep. It didn't give me a call
this time though. Sunday and
today we were orientated, to-
morrow we will start flying.

This will be the hardest part of
my training - rough - but so
can I. I'll write or call when
time permits.

Love,
Joe
