Dear Folks,

I am going to write B. Gen. a letter tonight since one in all I beel to tonight, a card will have to do for home.

They are talking about having us fly next Sunday but come on to Houston anyway. We have always managed before now we'd manage again this time. I'll be in there at 6:00 A.M. or know the reason why. Every thing is still fine here and Austin surely was pretty.

Love, Joe
