

5-29-45

Dear Folks,

Still we are sitting here doing next to nothing. For a little variety to-day we had both a soft ball game and a U. S. O. camp show. The show was very good and we won the ball game so it has been a pretty good day.

The ball game made seven out of seven that the 707th officers have won.

There is only one other team in the league that is undefeated and they are the 707th enlisted men. Everyone is looking forward to the day when the two teams meet. We'll be playing against our own crew members and ^{it} should be quite a show. Speaking of shows the U. S. O. show was really tops. Not many of them are worth seeing but this

one was o.k. While I'm on the ~~entertainment~~
entertainment subject I'll mention
that I saw "Wilson" yesterday. I
missed it the first few times it was
playing where I was stationed but
this time I seen my chance and I
took it! Our cock ball games have
been canceled for a while until
we can acquire a bat. Tom swung
at a low one yesterday and hit the
ground instead of the cock. Result,
one broken broom stick.

There is still no new news and
incidentally ~~no~~ no peanuts. That conveyer
that turned around and went back to the
states on V.E. day messed up the works.

I'll let you know if anything
breaks.

all my love,

Joe
H
