Dear Mr. Jacob:

Your letter received, enclosing a copy of the Financial Statements which were presented at the directors' meeting August 21, 1946, for which please accept my thanks.

I will appreciate your sending me a copy of the Minutes as well as a copy of the folder you usually present to each director before the meeting containing all matters that are to come up for discussion and the final Minutes giving the detailed action taken, etc. This will enable me to keep abreast of all that is taking place even though I was unable to be present for the last meeting.

Thanking you and with best wishes,

I am

Sincerely,
