Dear Sir:-

I have read in the Houston Chronicle about your rah rah rah for A & M Also Dan Moody.

Wish I had been there as I would have helped on the rah's.

Of course you know Harry Rodgers of San Antonio, Well Harry was down here last Monday and said at the Rotary Club that "MA" Ferguson had one thing to be glad of and that was she was thankful to the Lord we had only one Dan Moody in Texas.

I will say that I am the party who wired your paper when we shipped the first bale of cotton this May 1925

I hope some day to meet you as I want always to know MEN who stand for the right.

Sincerely,

Samuel M. duffie. 0
