OFFICE OF THE PRESIDENT

December 1st, 1925.

Mr. A. G. Carter
Star-Telegram
Fort Worth, Texas

Dear Colonel:

Many thanks for the clipping from the STAR-TELEGRAM dealing with the bust of John D. Rockefeller. It and your letter came in yesterday, and with the daily papers they have furnished me a great deal of interesting reading about you. You are so well known in your own state that I suspect you are not worrying much about what the lady has to say about you. Outside of the state, there are undoubtedly a great many people who have no other information than that contained in the dispatches who think you ought to be drawn and quartered and fed to the wolves. I have confidence that you can take care of yourself in this fight and will have your day in the court of public opinion.

With kindest regards,

Very truly yours,

L. S. Tingle
