Fort Worth, Texas.

Dear Mr Carter:-

I recall our pleasurable meeting in the home of Major Russell two years ago and I am sorry that I was unable to be at A. & M. this past Thanksgiving day.

My time is rather valuable to myself, but could I do any thing to assist in impeaching Mrs Ferguson, I would be willing to donate at least six months.

I sincerely hope that you did know you were in the vicinity of Mrs Ferguson's box at the time of your accredited statements at the A. & M. game.

Assuring you that your friends all feel as I do I am

Yours sincerely,

*B.F. Smith*
