Mr. Amon G. Carter, Publisher,

Fort Worth, Texas.

My Dear Mr. Carter:

I have followed very closely the attack on you by the Fergusons and take this opportunity to express my commendation of your attitude in replying to them. May you win in this fight and may you be successful in carrying your part of the state as strong against the Fergusons as we have been successful in this part of the state in seeing that they have polled a very small vote in past elections. If I can be of any assistance to you whatever I shall be very glad to have you call on me.

Very truly yours,

J. L. NUNN.
