Mr. Amon G. Carter
of Star Telegram,
Ft. Worth,
Tex.

Dear Mr. Carter;--

Your answer to the Ferguson letter in todays Star Telegram, was the best ever, you are right, fight Ferguson with Fire, as that is the only way to whip the devil.

You are right in remaining on the Texas Tech Board, Ferguson is trying to assassinate your Character because you happen to oppse him, that is his system he never answers for his own acts, he tries to abuse and skander his acusers, thereby diverting attention from himself.

The People who elected the Fergusons are ashamed of it, you cant hear a one of them say a word, every body is with you, the people now owe a debt of gratitude to you, and Dan Moody.

Dont quit fighting, you are doing Texas a Service, you hold the big stick, pour it on 'em Carter.

Yours Sincerely,

W. R. Denny
