Mr. Amon G. Carter,  
% Star Telegram,  
Fort Worth, Texas.

Dear Amon:

I have taken the Star Telegram in my home ever since the first issue of the Old Star and over this period of years have found a great deal of interest in its columns, but never have I read any thing either in this news paper or any other that was as interesting, or gave me quite the satisfaction, or contained more salient truths than your answer to "Governor Jim" and your letter to the Press.

I enjoyed it so much that I read it all over again in the Morning Record and then cut it out of the paper. Every time you swung you not only batted 1000, but knocked a home run.

Judging by the sentiments expressed on the streets, everyone else has the same opinion and are certainly glad you intend to "stay in there and pitch."

Yours truly

A handwritten signature in black ink, appearing to read "J. A. Alexander". The signature is written in a cursive style. A red circle is drawn around the first letter, "J", of the signature.
