P.O. Box 572

Mr. A. G. Carter Groton Tex.
Fork

Dear Mr. Carter:
It was with a great
degree of interest & pleasure that
I read your reply to the Governor
request for your resignation as
chairman of the school board
being a subscriber of the Star-Telegraph
& also of the Tex. World and enclosing
& clippings from the Tex. World, certain
sections of Nov. 30th week.

I have been an oil worker
here in Texas for the past five years
& I heartily agree with the (World) writer
who states that "it uses state money to
encourage the drawing of a class line in
justice" and "robbery, bootlegging by a poor
man (meaning me) is less important
than by a rich man".

Why should I pay \$10.00 per gallon
for good corn liquor when I can make
it myself for about \$1.25 per gallon
and no shame? heavy punishment.
The Ferguson, whole administration
has been one big glorious bust & my
only complaint regarding the paper you
published is that you have not jumped on
them with both feet before this. My truly
P. R. Adamson
