Mr. Amon G. Carter,
Ft. Worth, Texas.

My Dear Mr. Carter:

I greatly appreciate the stand taken by you with reference to the request of the ex-governor of Texas for your resignation as a member of the Board of Directors of the Tech.

I greatly appreciate the patriotic work that you have done, the services rendered by you, and the sacrifices made in the interest of this school. Whatever success it may have will be largely the result of your efforts and the work done by you. You have been with it through the organization period, and I am glad to know that you are determined to finish your term, and trust that the succeeding administrations will see fit to continue you in that position so long as you are willing to serve.

I have heard many expressions of appreciation for your attitude in this matter, as well as regret that ex-governor Ferguson has seen fit to undertake to slander you as he did in his unwarranted attack made through a purported request for your resignation.

The citizenship of Texas are with you and I trust that you will understand the motives that prompt me to write you at this time.

Again assuring you of my appreciation for the work done by you, and of my best wishes, for your continued success, I am,

Very truly your friend,

WHB:AJ
