

THE FIRST NATIONAL BANK  
BIRMINGHAM, ALABAMA

PRESIDENT'S OFFICE

December 16th, 1925.

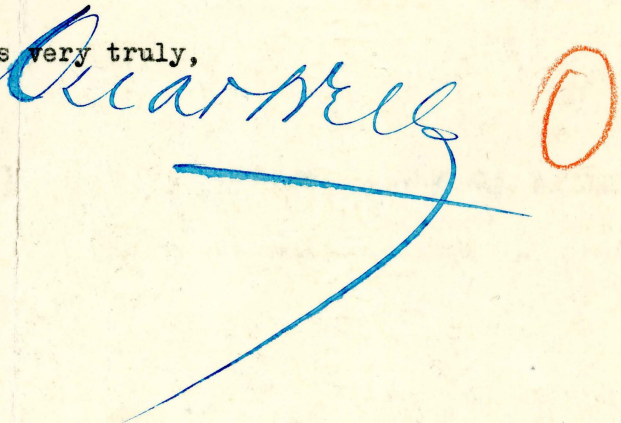

My dear Amon:

I am very much obliged to you indeed for the pecans which arrived yesterday in good shape. I am glad that these at least escaped Will Rogers and the squirrels and that we are going to have the pleasure of enjoying them while remembering your kindness in sending them.

If Mrs. Ferguson takes you to task for your conduct in shipping them out of the state, I shall be glad to come to your rescue, although I believe you are quite capable of taking care of your political problems from your reply to her recent public communication asking for your resignation from an appointed body in charge of one of the state educational institutions.

With best wishes, I am

Yours very truly,

*Charles*
