My dear Amon:

The annual gift of pecans has arrived in due course and is, as always, most welcome. Thank you again for remembering us.

I noted the publicity you have been figuring in lately with much interest, and heard the intimate story of your mix-up with the governor from our banker friend Hardy of St. Louis last week. It was all interesting, not to say dramatic, and incidentally good advertising. Last night I sat next to Bill Rankin at a dinner and Bill and I concluded that the electrons of energy are still working 100 per cent. in your energetic system. May they long continue to function through 1926.

With personal regards and best wishes,

Yours sincerely,
