Mr. A. G. Carter,
Star-Telegram,
Fort Worth, Tex.

Dear Mr. Carter:

I want to acknowledge receipt of a box of pecans of Will Rogers', picked from the farm.

That "Hired Hand" of yours is getting to be pretty good. He did right well on watermelon, and he sure is following along on pecans. Why don't you put him on the raising of a new governor for Texas. Everybody up North here thinks that Texas is in a hell of a condition and run by a lot of robbers, and that "Ma" Ferguson is liberating a lot of criminals in order to make room for her enemies --- especially one surnamed "Amon". I hope you will be able to save him.

However, I want to thank you for kindly remembering me again, and wishing you all kinds of good cheer and good luck, I remain

Very truly yours,

W. H. Dyer
