December 23, 1925.

Hon. Amon G. Carter,
STAR-TELEGRAM,
Fort Worth, Texas.

My dear Mr. Carter:

In the course of my investigation of the daily newspapers coming to our Engineering Department, I have noticed with interest the editions of the Star-Telegram of November 30th and December 1st, which carry the details of the controversy presented by the Governor of Texas with reference to your conduct as a member of the Board of Directors of the Texas Technological College.

Generally the newspapers made reference to this controversy and my purpose in now writing you is to say that with your friends, and those who know you, this controversy will not reflect upon your high sense of duty and standing in the nation and I am sure that this will likewise be the case in your own State and in your own community. It is unfortunate sometimes that people cannot understand that genuine generosity and truly southern hospitality represent the highest idealism of good citizenship. You are known to possess these splendid qualities.

With all good wishes, I am

Sincerely and respectfully,

[Signature]

President.
