By United Press.

FORT WORTH, Dec. 1.—Amon G. Carter, publisher of the Record-Telegram, will not resign from the board of regents of the West Texas Tech, as requested by Governor Ferguson. In a lengthy statement issued at 12:30 today he denied all the charges contained in the woman executive's letter, and declared that he would only offer his resignation thru the demand of the people or other members of the board. He said the governor's charges against him were made in an effort to "divert attention from the highway expenditures situation at Austin.
