## SAYS ROAD CONTRACTS LOOK EASIER THAN DAMAGE SUITS

Editorial in Kosse Cyclone

I. H. Parten of the Parten Her-  
ring Road Co. firm, having the con-  
tract to maintain the state high-  
way in Limestone county, has en-  
tered a suit for damages against  
the Mexia News Publishing Co., on  
account of an editorial recently ap-  
pearing in The News. The article  
in question did not mention the  
name of any road contractor or con-

tract, but rather caustically handled  
Texas highway contracts generally,  
which many papers in Texas are  
taking a peculiar delight in doing  
just at this time. This writer is in-  
clined to the belief that money  
is easier made through road con-  
tracts with the Lanham-Burkett  
highway commission than it will be  
secured through damage suits on ac-  
count of criticism now appearing in  
the newspapers all over the state.
