FORT WORTH, TEXAS

January 19, 1943

Dear Amon

Thanks for the french money, we received your letter last saturday morning, the 15th, it sure made a quick trip as it was dated the 2nd. Lucious took your tip and played his french money numbers on the policy and believe it or not he won \$4.50 for 10 cents. I think almost everyone read your letter and really got a kick out your laundry problem.

We were all glad to see your dad when he arrived home, he sure looks fine after his long trip and visit with you, he showed us the pictures of you made in England, he also showed us the money you sent him.

Ed Byars and Earl Parker were in the shop today, Ed has enlisted in the naval air corps and is awaiting call. Greer H. is in the navy in Panama just before he left he married Betty Beall. Both the Danigan boys Bill and Pat are in California, Bill is in the army air corps and Pat is in an aircraft school.

Your dad told us about the deal he made with you on the Kraut-Heads, Japs and Wops, so Lucious and I will give you manicures and shines on the same basis, we know you will win plenty money from your dad on this proposition, so we will just work on you free for the rest of our lives, so Amon-be always on the alert, chin up-chest out-belly in and give them dirty rats Hell for me and all of us.

Let us hear from you again soon,

With best wishes and lots of good luck, I am

Your friend

Mildred
