

Mrs Maurice L. March 26, 1943

Dear Mr. Carter,

I have just learned that Amon is among the nine officers, including my husband, who are missing from their outfit since February 14th.

I have been keeping in touch with several of the wives of those missing so that we may relay such scanty information as we have back and forth.

We feel we have very good

reason to believe and to hope
that they were all taken prisoners;
however; it is extremely hard to
sit and wait for some word, any
definite news.

Please, Mr. Carter, should you,
by any means, receive any further
information, I shall be very
grateful if you would let me
know of it.

With a constant prayer for
our boys —

Very sincerely,
Shirley Docton
