

Sunday

Dear Amos -

I read with interest the letters from Amos Jr., in the Star Telegram and I notice that like all of the boys there are many things he wants. I know you are sending him all of the packages you possibly can but I wonder if you know of "Parcels for the Forces"?

I have been sending packages to England and to the English Prisoners of War for some time. Then it became impossible

for anyone but myself kind
to send parcels. Since
hearing of the parcels
service I have a standing
order for cigarettes and books
to be sent to the Prisoner
every month and I thought
you might like to supplement
what you are able to send to
Amos with such an order.

I know the days Amos was
reported missing were terrible
and Frank and I were so
thrilled when we heard he
was a prisoner.

Best wishes
W. D. Doughty
