

Bonham July 1873.

Dear Brother and Sister:

I ought to have written to you last week and would had I had any opportunity, but I was at work helping the Maj. on the mill - it starts to day. nothing happening. Berre Young has been staying ⁱⁿ the store for me - I saw the judge and Attorney and they would not let me go - and there is no prospect of my getting off - no prospect of the case coming up before next week if that - have just been a talk with his lawyer Jordan's I mean - he says that he is doubtful about its coming up before the next week in Court - if so it will ~~spare~~ spare the time of our visit off till near the 1st of Aug.

We will come if we can but every thing seems to work against us. Am sorry that I did not get off at the time set - so that I could have been at the State Meeting. But enough - look for us when you see us - that is the best way then there will be no disappointments. All well. Our little girl all right again. If you are away from home much preaching - and Spinetany

Brother who is going to move here or wants
to send him a major a tract. Received Pan's
letter last week - will not write till I find out
whether we can come out there Times Wells.
Friends generally well - You see Uncle G.
Send Aunt Sallie at McKinney - they have
given you all news - Cant write more now
Much love to all

Your Brother
