Mr. Arthur G. Carter
Farmers Texas

My Dear Mr. Carter -

I desire to thank you for the splendid write-up of the Ferguson meeting & your distinguished correspondent Mr. Sullivan Evans. I wasn't there but was at Peoples and heard the glowing acct by my nephew Francis Deussen yesterday upon his return - He and his wife could hear the speech because they entered the room within fifty feet of the speaker - He had to satisfy the immense throng on the outside by promising them that Mrs. F would ride around the square in an open car so they could all see the woman governor - that was that and they left the shed so quietly - It is the unanimous opinion of the Ferguson people Francis says that your write-up was by far the best and most interesting of all the papers
Your friend
Jas W. Swayne
