Dear Mr. Carter,

I hope you had a very pleasant trip back to New York on the Yankee Clipper and that by this time you have made up for most of the sleep you lost in common with the rest of us while you were on the European side of the Atlantic.

I am sending you by this post copies of the Irish newspapers containing the reports of the Yankee Clipper's calls at Foynes on the

eastbound and westbound trips.

The Foynes Cowboys have asked me to send you their warmest regards with which I should like, if I may, to associate myself.

Yours sincerely,

John Leydon
