ad Easter - 1943.

Dear Mr. Carter,

Your son, Amon Jr, and our son J. Luther Jr. were good friends and son always spoke highly of Amon. They had many happy days as when they swam at Rivercrest and went to parties of mutual friends. We feel for you deeply in this hour of trial and pray that no harm will come to your dear boy in the prison camp and God will give him grace and fortitude to bear its hardships until he can come home to you again. Our boy has worked incessantly for two years getting through medical school a year sooner ^{than usual} and he says he's got to go bring his friends back home. We are proud of our boys and may you find comfort in trusting God.

May all these anxious hours be filled

With hope and courage, too

Until the happy day arrives

When good news comes to you!
