My dear Amos:—

My heart ached for you when I heard your son was "missing in action," & I deferred writing you until more was known. I understand now he is a "prisoner" in Germany, & even though that is bad it is wonderful to know he is safe - I am happy, along with you to know he is alive & safe.

I have two boys in the air corps, one army & one Navy, & I know the always anxious days we constantly pass through

Cordially
