Dear Amon:

I spent several days last week out at the Lodge with Ed and my sisters and my brother Harry and I was very happy to learn that your fine son is alive and not missing as heretofore had been thought.

I saw Pat Joyce a few days ago and told him that I recently had been in Fort Worth and he inquired after you and he as well as many more of our friends are rejoicing with you that your son's life has been saved.

With fondest regards, I am

Sincerely,

Sylvester
