

May 12, 1943.

Mrs. Willie Mae Stowe,
Route 6, Box 136,
Fort Worth, Texas.

Dear Mrs. Stowe:

Your letter of April 20th, received
enclosing a very beautiful and interesting story,
"My Son Came Back".

This is a beautiful tribute and I
appreciate it very much since it was inspired by
thoughts of my son who was reported "missing in action"
and then a prisoner of war in Germany. It is difficult
to understand how anyone who had not experienced the
emotions and heartaches caused by such distressing
news could have described them as you have and I am
placing it with some eight hundred letters and telegrams
received when the first information came through and
another two or three hundred when the last report was
given me. I am sure the young man will find this
collection of letters from all over the country very
interesting reading matter when he finally comes home.

Again thanking you for your kind
thoughts and understanding, I am

Sincerely,

AGC.KD
