Dear Mr Carter,

I was very glad to receive the clippings from your paper and find that you know Lemon Co. is all right.

I know how you must have been relieved to get some information concerning him.

The latest word I have had from Major Steff was written April 9th and they were moving out at that time. I know you realize how anxious I am to have some word from him. It will probably be weeks before I hear any thing and I become very impatient at times.

You probably know by this time Col. Summerall's recommendations were not followed out and Major Steff was not made Commanding Officer nor promoted when the Colonel left Africa. Major Steff is pretty badly disappointed because that has been the plan for the 9th ever since it was organized.

I understand eleven of the forty officers of

the 9, st were missing so we know Lemon, Jr.
has lots of company with him. I am glad
all those men are strong and healthy to
undergo the hardships they may have.

I deeply appreciate any information you
may have for me at any time.

Sincerely

Mrs George W Steff
