Dear Amon:

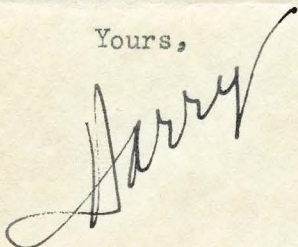

Just returned from New York. I thought perhaps I'd run into you in the Stork Club and was disappointed you weren't there.

Do you hear anything from your son? I've been very much interested and would like to know if he has been able to communicate with you.

You had a pretty bad team at TCU last year. I hope you do better next year. It looks as though you had better stop being the head coach!

Kindest personal regards.

Yours,

P.S.: - At the AAFTC headquarters in Fort Worth, there is a young man by the name of Lt. William Holden. Bill is under contract to us. He's a swell guy and I wish you'd look him up.
