

Feb 25th 1945

Dear Mr. Carter,

Am enclosing our last mail from our son (see-17-th) with group picture attached ⁱⁿ which thinking you may not have one of these in which your son too is included, we shall be so glad for you to copy this one. The names of the boys are written on the back of the picture, some of them we have become familiar with, notice the X on boy standing on second row to right is our son, Roy J. Chappell Jr. We have made a guess at which is your son, but please put X on his picture so we may be sure in identifying him.

Am also enclosing copy of telegram we received and we are hoping you too shall soon receive similar message.

We share your anxiety and feel certain the Russians will overtake and liberate those boys evacuated.

We have appreciated very much all information you have furnished us.

Sincerely

Nellie Nash Chappell.
