HISTORICAL

Out of a consecrated desire to inculcate character-training into the New South after the Civil War, this institution was founded at Thorps Spring, Texas, in 1873 by Addison Clark, *President*, his brother, Randolph Clark, *Vice-President*, and their father, J. A. Clark, *Business Manager*. The story of its development is outlined in the "Milestones of History" on the previous page.

A fuller story is told in the issues of the catalog up to 1932 and is not repeated here.

The Board of Trustees of 21 members elect to fill vacancies subject to the ratification of the Texas Christian Convention, the body representing the Churches known as the Disciples of Christ or Christian Churches of Texas.

LOCATION

Texas Christian University is situated within the city limits of Fort Worth in a beautiful residential district to the southwest. It is less than twenty minutes' ride by bus from the heart of the city, on one of the most scenic drives about the city.

Two public school buildings near by serve the children through the eighth grade.

Fort Worth is a growing city of 200,000 population, an ideal city for university work. As a railway center of the Southwest, it provides quick and adequate transportation service. It is the regional center of many

industrial activities, furnishing a laboratory for many kinds of university research. It has a large number of churches and civic and philanthropic organizations; its public educational facilities are excellent; it has many private schools, and three other institutions of higher learning.

The City of Fort Worth and the University attract many distinguished visitors and lecturers from all parts of the nation. Through the Civic Music Association and similar organizations artists of world renown are to be heard each year.

The business interests of the City of Fort Worth are heartily supporting the University, as is evidenced by their financial aid and the coöperation of a number of the service clubs. These organizations have been especially helpful in promoting the usefulness of the institution.

BUILDINGS

Eight modern, fire-proof, cream-colored brick buildings of classical architecture grace the spacious campus of Texas Christian University. To list the buildings is to suggest their serviceableness in an aggressive, well-balanced program of Christian education:

Administration Building.

Jarvis Hall (residence for women).

Clark Hall (residence for freshmen and sophomore men).

Goode Hall (residence for junior and senior men).

Brite College of the Bible.

Gymnasium (physical education for every student).

Mary Couts Burnett Library.

Stadium (seating capacity 20,000).

Field House (for basket ball, other indoor games).

Laboratory facilities of the University afford opportunity for individual experiment and investigation in the fields of biology, chemistry, geology and physics. In each of the laboratories, provision is made for carrying out in full the courses outlined in the respective departments. The *Museum* adjoining the laboratories of biology and geology is among the best in the country.

The *Library* represents the assembly of carefully selected volumes, including generous donations and annual appropriations, since the fire of 1910. More than 60,000 volumes are available, of which 18,000 are Government documents.

A CHRISTIAN SCHOOL

Christian Influences. Every person, without respect to creed or faith, is free to study in Texas Christian University, and no restraints will be placed upon his freedom of thought or opinion. The ideals of the school are distinctively and positively Christian. Avoiding any semblance of sectarian spirit, and maintaining thorough academic freedom in schoolroom instruction, there is nevertheless every care to place about the student those influences and ideals of true Christianity which alone can develop the highest type of character.

Indeed the University is founded and supported on the faith that education must be more than the training of the mind; that the inculcating of those deep convictions that produce great character, and the specific teaching of the truths of the Bible which is the basis of true civilization are essential to the highest type of education.

Students are encouraged to attend the churches of their choice, in Fort Worth. Adjacent to the campus is the beautiful new University Christian Church, with a life and service that is proving to be attractive to young

people because of its appeal to worship and to live, virile preaching that enlists youth.

The Y. M. C. A. and Y. W. C. A., each with its own room in the Administration Building, are alive and active as an expression of student Christian life.

STUDENT ORGANIZATIONS

Texas Christian University has a variety of thriving student organizations designed to stimulate interest and provide opportunity for student expression in the fields of learning, service, and sports, all of which are a part of the educational process. Membership in these organizations is not based upon social standing, or mere personal preference of the members, and no society may be of a secret nature or order. The spirit of democracy prevails. Each student organization has a faculty sponsor. The following grouping will show the variety and types.

The Student Body Association.

Honor Societies: Alpha Chi (scholarship), Phi Sigma Iota (modern language), Alpha Psi Omega (dramatic), Ampersand (senior women), Pi Kappa Delta (debating), Sigma Tau Delta (English).

Departmental Clubs: Anglia, B. B. A., Brushes, Dana Press, Dramatic Club, Home Economics Club, International Relations, Los Hidalgos, Parabola, Poetry Club, Timothy Club, Com-Eco, Frog Forensic, Natural Science Society.

Music Organizations: Band, Men's Glee Club, Mixed Chorus, Orchestra, Women's Glee Club, T. C. U. Music Club.

Athletic Organizations: "T" Association (men who letter in athletics), Women's Athletic Association.

Religious Groups: B. C. B. Association (for those training for full time Christian service), Y. M. C. A., Y. W. C. A., Baptist Student Club.

Social Clubs: Bryson, Frogettes, Leti, Mavericks, Young Democrats.

SCHOLARSHIPS

Policy. It is the desire of the University to encourage students of proven ability to continue their education, and to secure for them the aid of scholarships when this is needed in T. C. U. and also in graduate schools after completing the degree here.

The value of a scholarship, normally, is \$150.00 applied on "Tuition." In some cases they are less to day students. Music scholarships usually cover a specified amount of music tuition.

High School Scholarships. One scholarship to each accredited High School in Texas, for the highest grade student of the class, or for the second highest. The value is \$150.00 on the full bill for a dormitory student, or \$75.00 for a day student. To Fort Worth High Schools, are awarded two \$150.00 scholarships to each of the six High Schools, for the two highest grade graduates in January and in June classes, and two for the one summer class. These are non-transferable.

Scholarships are not sent out until the Principal or Superintendent certifies the name in each case.

Junior Colleges Scholarships. Any graduate of a Junior College who ranks in the upper third of the class may apply for a scholarship: from the applicants, ten may be elected. This scholarship is for \$150.00 for a boarding student, or \$75.00 for a day student.

Student Leadership Scholarships for lead instruments in the band, awarded on test. This test is held 7 P. M. Saturday, Sept. 12.

Ministerial Scholarships through the Brite College to the extent provided by the gifts of churches.

The York Rite Masonic Scholarship Fund is used to aid students from the Masonic Home, as selected by the Committee of the four York Rite Trustees. This fund is capitalized at \$7,900.00 and is growing by additions annually.

The Lollie S. Greene Scholarship Fund was endowed for \$2,500.00 by the late Dr. Robert M. Greene in memory of his wife. The income provides a scholarship annually for some worthy girl. Dr. Greene was a kindly neighbor of the campus for many years.

The Wilbur M. Kidd and Wife Scholarship Fund of \$10,000.00 is a memorial request from the Estate of this good family of Dallas. It provides three or more scholarships each year for students of superior records, selected by the administration on the advice of the executor of the estate.

Fort Worth Press Prize in Journalism. An annual award of \$50, in two prizes of \$25 each, is made by the Fort Worth Press to two students—one boy and one girl—who do outstanding work in writing for *The Skiff*, student newspaper.

Loan Funds are provided by the Alumni Association, the University Place Study Club, and by several clubs in Fort Worth for superior students usually for Juniors and Seniors. Information about these can be had at the Business Office.

DORMITORY REGULATIONS

Parents: Parents or guardians who register students with the University thereby accept all the conditions as set forth in this catalog and pledge their cooperation in making a wholesome environment possible.

Permits: for leaving campus for an out-of-town or prolonged stay are granted to the young women by the Dean of Women and to the men by the Dean of Men. Freshmen, and students under C average are expected to spend their evenings in their room or library, studying. Further regulations can be added by those in charge of the dormitories as the needs arise.

Excuses for absences on account of illness must be signed by the resident nurse, in case of dormitory students.

Valuables should be deposited with the Student Trust Fund Bank and not left in student rooms.

A minor student residing in the dormitory or boarding away from home, may keep an auto only on permission of parents (subject to the approval of University officials); and if its use is abused by interfering with school work or good order, he must dispense with its use.

Furnishing for Rooms. The University furnishes for each room: two students in a room, two single beds, including springs and mattress, a dresser, a table, lavatory and chairs. The student is required to furnish his own bedding of all kinds, pillows, pillow cases, sheets, blankets, quilts, towels, rugs and pictures; also one waste basket. No dishes are allowed to be taken from the dining room. Only two 60-watt globes will be permitted in each room, and no other attachments may be made to an electric wire except by double socket.

DISCIPLINE

The Discipline of the institution is in the hands of the President and a committee on student welfare. The details are in immediate charge of the

Supervisor of Men and the Dean of Women. The students are invited to join the administration in maintaining such ideals of life as to make disciplinary problems rare.

All forms of hazing and secret societies are forbidden, and the student, by his matriculation, pledges himself to abstain from them.

Any gross violation of good conduct, such as profanity, gambling, drinking, insubordination and disrespect toward authority will automatically remove the student from the University community. A student who is manifestly out of harmony with the ideals of this institution may be dismissed without specific charge.

Secret Marriage. Any student who makes false pretense as to his or her married state is subject to immediate suspension for an indefinite time. This applies to any person who marries secretly while enrolled as a student or who was secretly married at the time of enrolling.

Committee on Academic Honesty. A case of dishonesty may usually be handled by the teacher, but in cases which he deems grave enough to be penalized his findings must be reported to the committee, and approved before becoming final.

Smoking. To many students and patrons tobacco fumes are obnoxious; to some it is even deleterious to health. Courtesy, therefore, and the good of the whole forbids smoking in the hallways and class-rooms. It is permitted in the Y. M. C. A. room and in the offices of such teachers as allow it. Young women are forbidden to smoke. This policy accords with the better standards of the homes of the patrons.

Rooming in College Buildings. Undergraduate students, under 21, are expected to reside in the dormitory unless living at home, or with relatives. Special exception will be permitted in the interest of working students.

Chapel. All undergraduate students are required to attend the weekly assembly, as a means of promoting the unity of the school life.

GRADING AND POINT SYSTEM

The definition of grades, and the point system designed to stimulate quality of work, are indicated as follows:

A—Reserved for exceptional work—3 points per sem. hr.

B—Implies superior work—2 points per sem. hr.

C—Means medium work—1 point per sem. hr.

D—Means inferior work—0 point per sem. hr.

F—Means failure— —1 point per sem. hr.

I—Means incomplete (must be removed within first 30 days of the semester immediately following or it becomes an F).

Each student, in order to graduate, must have a C average under the point system on all work for which he enrolls. A course dropped, after the first six weeks, while the student is failing is counted F. A course dropped while the student is passing is not included in the calculation. In case a course is taken more than once, the higher grade is counted in the calculation, the lower grade or grades and hours disregarded. The grades are counted separately by semesters.

The student of average ability can carry five subjects, or 15 semester hours per semester. A student carrying more than 16 hours will receive credit as determined by the following table:

With a grade index of.....	2.00+	1.67+	1.33+	1.00+
If carrying 18 hours.....	18	17	16	15
If carrying 17 hours.....	17	16	15	15

For less than 1.00 he will receive credit for each course passed, to the maximum of 15 hours. To carry 18 hours the student shall have demonstrated his ability to make an average of B (2.00). Requirements for graduation include 120 semester hours and a minimum of 120 grade points.

Grades are reported to the parents at the middle and end of each semester.

SCHOLARSHIP RULE OF SUSPENSION ON ACCOUNT OF FAILURES

In principle, the student whose grades indicate that he is either unwilling or unable to pass his work, will not be retained in the University.

Specifically, the student who

1. Fails (makes a grade below D) in three-fifths of his work in the fall semester may not enroll in the succeeding spring semester; or
2. Fails in three-fifths of his work in the spring semester may not enroll in the succeeding summer session, or in the succeeding fall semester; except that in the case of a FRESHMAN, if he fails in three-fifths of his work in his first semester he will be placed on probation until the close of the first half of the following semester; then if he is failing in three-fifths of his work he will be suspended until the beginning of the next semester; and
3. Any student who fails again in three-fifths of his work in any semester, must remain out of the University for at least twelve months.

(Note.—For purposes of this regulation, the summer session is not considered as a semester.)

GENERAL DEFINITIONS

The College Year is arranged in a long session of 36 weeks, divided into two semesters of 18 weeks each, designated as fall and spring; and a summer term of twelve weeks, divided into two terms of six weeks each.

The Credit or Semester Hour. The unit of calculating credit is the semester hour. One hour a week of recitation for a semester of 18 weeks is counted as one semester hour.

Correspondence Work. A limited amount of credit taken by correspondence in a standard school will be accepted toward a degree; but no correspondence course may be carried while the student is in residence work. Permission to take correspondence work must be secured from the Dean or Registrar. Any course begun by correspondence must be completed before enrolling for residence. A course in which the student has failed to make a passing grade may not be taken later by correspondence.

Before credit for a correspondence course may finally count toward graduation the student must pass an examination in the course given by the faculty of this institution. No correspondence work is accepted for graduate credit.

Policy Concerning Absences. Credit and grade in a course are to be determined primarily on the student's mastery of the contents of the course and of attainments set for the course, as measured by (1) preparation of class work, (2) class tests, (3) final examinations, and (4) initiative and diligence. Regular class attendance is required of Freshmen and Sophomores and of all students in Freshman and Sophomore classes. Several absences will tend to lower the grade, frequent or persistent absence will preclude a passing grade. If the number of absences in a course (both excused and unexcused) exceeds nine (9) per semester, the student is precluded from a passing grade for that course that semester.

Class attendance is expected in all Junior and Senior classes subject to special arrangement with the teachers in case of special assignments for students with high grades such as on the "honors" plan.

There is no provision for doing the work of any course as a non-resident student.

When any student is absent as many as three times in succession the teacher should report to the Registrar for investigation.

A faithful student will either arrange for an absence in advance with the teachers or will explain it immediately on return.

Absences from the chapel assembly will be posted on the bulletin board, and if not satisfactorily explained, will cause subtraction of credit hours from the student's permanent record.

Group Absence. Groups, such as athletic teams, glee clubs, etc., may not be absent from the University more than 12 days total in any semester.

Eligibility to Represent the School in Public. In order to represent the University in any intercollegiate event, such as athletics, oratory, debate; or in public places of honor within or without the school such as in glee club, student body officers, editors, business manager, etc., the student must have passed in at least eighteen semester hours during his last two semesters of residence before participation, and he must have passed at least nine of these in each semester. (In the case of athletes the Southwest Athletic Conference requires that he must have passed in at least twenty semester hours instead of eighteen.) He is expected to be enrolled for fifteen hours, but may be carrying only twelve if approved by the Dean or Registrar, on account of employment to cover expenses, or for some other good reason.

THE SOPHOMORE TEST

For several years the faculty has been experimenting on the problem of individual guidance, for the purpose of suiting the curricula to the needs and bents of each student individually and of changing the motivation from credits to accomplishment.

The Nation-Wide Sophomore Test, begun in 1932, is used as a nationally comparable test. Each sophomore discovers from this his achievement in many subjects and skills, as compared with sophomores over the nation generally. On basis of these nation-wide scores and his T. C. U. grade index the students are advised as to the selection of courses, majors, and careers.

HONORS COURSES

Students who show high rating on the above tests are eligible to apply for the status of "Honors Candidate." If accepted by the Committee and the major professor, the student will be allowed to follow studies in his major field with more initiative, research, and individual freedom than usual. The methods will vary with the teachers and the student.

Honors for Quality. At the time of graduation "honors with distinction" (formerly called "*cum laude*," etc.) will be awarded to 10 per cent of the graduating class, selected by a committee of the faculty on the basis of grade index and a comprehensive examination in the major field. To be eligible the student must have earned at least 60 semester hours in T. C. U. (exclusive of credit by examination or correspondence), and must have a point index of at least 2.25.

DEGREES

The Add-Ran College of Arts and Sciences offers (1) the degree of *Bachelor of Arts*, for majors in the usual academic departments, including the natural sciences; also for the Fine Arts. (2) The degree of *Bachelor of*

Science for majors in Education, Physical Education, Commerce, and Home Economics.

This represents a change in policy, which began September, 1935. Before, the B. S. had been reserved for majors in the natural science, which, it is maintained, is the more consistent use of the term. The practice of using the B. S. for the semi-professional major, however, is so general that this institution is constrained to adopt it for the sake of clarity. Majors in the sciences will receive the B. A.

The Graduate School offers the Master of Arts and Master of Science. The Brite College of the Bible offers the Bachelor of Divinity. The School of Fine Arts provides the Bachelor of Arts with a major in Music or in Art. The Bachelor of Music is reserved for the exceptionally talented who will take additional work.

ENTRANCE REQUIREMENTS

Character and Pledge. To be admitted, the applicant must be of good moral character, and must present a transcript of credits, properly signed, from the last school attended, high school or college, including a statement of honorable dismissal. This should be mailed to the Registrar, Texas Christian University, Fort Worth, Texas, some weeks before coming.

By the act of accepting membership in the University, the student pledges himself to refrain from encouraging or participating in any form of hazing, or secret society, or fraternity in connection with the institution.

Vaccination. Each student must present a physician's certificate showing either that he has had smallpox, or has been successfully vaccinated, within the last three years. Those who do not, will be vaccinated by the University physician. (Fee, \$1.00.)

SCHOLASTIC REQUIREMENTS FOR ADMISSION

Applicants under 21 years of age must have been graduated from an accredited high school and with fifteen (15) accredited units, including: English, 3; history, 2; mathematics, 2; science 1. Any of these may be obtained by examination, either in T. C. U. or under the State Department of Education.

If the applicant presents graduation and fifteen accredited units, including 3 in English, he may enter and be allowed to make up the missing units. In no case will an entrance examination be permitted in a subject after the subject has been taken in college.

Applicants over twenty-one years of age who give evidence of ability to carry college work, may be admitted without examination, at the discretion

of the Dean or Registrar. In such cases, only tentative credit is given, and the student is entered as a special student on individual approval.

These tentative credits will become approved by the completion of a college course in each respective subject; one year in college in English, mathematics, history, science, a foreign language will approve respectively, English 3 units, mathematics 2 units, history 2 units, science 1 unit.

When a student has approved these units, he will be given credit for all other units he has actually taken in a secondary school up to a total of the required fifteen. The second year of a college foreign language will approve two units of that language for entrance.

The very spirit of this individual approval plan requires that the mature student manifest a spirit of earnest purpose, diligent application and proper coöperation. Failure to do so will forfeit the trust placed in him, and he will be dropped. He will also be dropped if he shows that he does not have the foundation for doing college work.

TRANSFERS AND ADVANCED STANDING

A student coming from another college must present a statement of honorable dismissal, and a transcript of his credits sent directly from that school to the Registrar. These credits will be accepted according to the rank given that school by the proper standardizing agency for its section. Texas schools are credited on the basis of their classification by the Association of Texas Colleges.

All Credits Accepted from other colleges or universities are received on condition that if the student fails to demonstrate his ability to carry the advanced work satisfactorily, the amount of credits allowed will be reduced, or cancelled. If the average of transfer work is less than our C, no credit will be given for any course that shows the lowest passing grade.

ENTRANCE EXAMINATION

Entrance examinations will be given at Texas Christian University Wednesday and Thursday, September 9, 10.

Examinations are free if taken on the dates set above; but if taken at some special time other than that scheduled a fee will be charged: \$2.00 for each subject, or a maximum of \$5.00. This rate applies to all examinations given out of regular schedule. All entrance examinations must be completed before enrollment.

Cumulative Record an Auxiliary for Admission and for Guidance. Some high schools are maintaining or developing cumulative records of tests and personal characteristics of students. The Association of Texas Colleges is fostering a series of objective tests with cumulative records. As these are introduced they will be valuable aids to the student and to the college, especially in guiding the student. These will be taken into account in the admission of students.

These should show accurate records of the results of comparable (objective) measures of intellectual capacity and of achievement in the important subjects, and other items suggested in such standard forms as those provided by the American Council on Education and the Educational Records Bureau.

INSTRUCTIONS FOR REGISTRATION

Those who plan to enter Texas Christian University for the first time should study carefully the following instructions, and also the calendar on page 3 of this catalog.

First. Write to the "Registrar of Texas Christian University, Fort Worth, Texas," for application blank.

Second. See that a certificate of credits is sent by the last school attended (high school or college) directly to the Registrar. No student will be considered for admission until this record is in the office of the Registrar.

Third. If the home of the applicant is not in Fort Worth, a room reservation fee of six dollars (\$6.00) should be sent to the "Business Manager of Texas Christian University" as early as possible. Rooms are assigned in the order of application.

Fourth. If this is your first time in college, or if you have less than a year's credits, be present at the Main Building at 9:00 a. m. Friday, September 11, without fail. All Freshmen are required to devote the days September 11, 12, 13 to a program of organization, in what is known as "Freshman Week."

Fifth. Select your subjects from the tables that follow. Your selection will be checked over and advice given you personally by the teacher in charge of your group during the registration period so you do not need to make final decision before coming.

Sixth. During Freshman Week students will be assigned a time to report to the Business Office to settle the bill. A late fee of one dollar will be charged if the bill is not settled by September 19, and each day later adds a dollar to this fee.

Seventh. A physical examination is required of all new students during the period of registration. If complied with during this period there is no fee. If delayed a fee of \$1.00 will be assessed.

TABLES OF COURSES

These are printed to guide the student in the selection of courses for the first two years of work. The final decision should be made only after advising with the Counselors or the Registrar or the Dean.

The first two years of college work is foundational, hence is much the same for any course the student may have in mind.

Pre-law students are urged to take the full B. A., majoring in Government. A combination curriculum is offered. Three years here and the LL. B. degree will obtain the B. A. degree from Texas Christian University, provided he has petitioned for this combination before leaving this institution, secured written official approval of his courses from the Registrar's office, and has arranged satisfactorily for the fulfillment of all the general requirements for the degree and has an average of C, including failures in the calculation. The three years of college work must be completed before entering the law

school, but special permission may be secured to complete a small amount in summer terms later, provided this arrangement is made before the student leaves the University. Table IX is the curriculum to follow.

This combination degree is planned for those who spend three years in Texas Christian University. It may be allowed on two years of such residence on permission, but not on less. For the two-year plan Table X is the curriculum to follow.

REQUIREMENTS FOR GRADUATION

In prescribing the requirements for graduation, the faculty accepts the idea of a limited elective system; requiring certain prescribed subjects, in order to give breadth; and the concentration upon some definite form of related subjects to afford a comparative mastery of some field.

1. *General Requirements:*

Required Subjects for B. A. Degree:

- Bible—6 sem. hrs. (3 sem. hrs. must be advanced).
- English—12 sem hrs. (Eng. 11 and 24).
- A foreign language—6 sem. hrs. (numbered 21 or above).
- Social science—6 sem. hrs. (usually Soc. Sci. 12).
- Psy. or Phil.—3 sem. hrs.
- Science—6 sem. hrs. (If no high school science was presented then 12 s. h.)
- Physical Training—2 years (taken in first two years).

Required Subjects for B. S. Degree:

- Bible—6 sem. hrs. (3 sem. hrs. must be advanced).
- English—12 sem. hrs. (Eng. 11 and 24).
- Social science—6 sem. hrs. (usually Soc. Sci. 12).
- Psy. or Phil.—3 sem. hrs.
- Science—6 sem. hrs.
- Physical Training—2 years (taken in first two years).

For other degrees see Brite College of the Bible, and the Graduate School.

In all cases, the candidate's use of the English language must meet the approval of the proper committee of the faculty.

2. *Majors and Minors.* Each student will elect by the end of his sophomore year a major with a minimum usually of 24 semester hours, and a minor of 18 hours, approved by the head of the department, in writing. Under each department in the catalog will be found a statement of the requirements for a major in that department, and the available minors.

3. *Total of Credits.* Each student is required to make before graduation a total of 120 semester hours with a grade point index of at least 1.0 under

the point system as explained on page 17, doing resident work in this University at least 36 weeks, earning at least thirty semester hours in addition to any number accepted from other schools, or used for another degree. Thirty of the 120 semester hours must be advanced courses; that is, numbered in the 30's, 40's, or 50's.

If a second Bachelor's degree is taken, an additional 30 hours of advanced work will be required.

The last 30 semester hours are to be done in Texas Christian University, except as provided for in the combination degrees with law or medicine.

On work done in this institution a transfer student must make a grade index of 1.0 under the point system.

4. *General Character.* Additional credits may be required of candidates for graduation as a penalty for improper conduct. No student may be graduated who is guilty of any gross offense, or who fails to make a satisfactory adjustment of his financial account with the institution.

The candidate must be present in person to receive a degree, except that if the candidate is not present at the time the degree is regularly due to be conferred, it may be conferred in absentia at the next June Commencement occasion thereafter. This postponement may be waived by majority vote of the Cabinet in extreme and rare cases, such as unavoidable confinement by illness, but not for mere personal convenience or financial saving.

RATES AND FEES

Important: After the student has enrolled for courses in the Registrar's office, or has been enrolled by a committee, he *must* then go *in person* to the Business Office and arrange for terms or make payment. He will there receive a *Matriculation Card* signed by the Cashier.

After September 19 all students will be debarred from classes if they do not present this *Matriculation Card*. In the spring February 3.

Late Fee. Any student who delays getting this *Matriculation Card* from the Business Office until September 21 will pay a late fee of \$1.00 and an additional dollar for each day up to \$5.00. In the spring February 4.

Under the name, "Tuition" is included the charge for instruction in regular class work (not private lessons), also such items as matriculation, athletic fee, gymnasium fee, lecture course. Deposits and fees for extra, individual services like laboratory are separate, as listed below.

Room Deposit, if in dormitory (refundable).....	6.00
("Refundable" if all accounts with the business office have been paid.)	

A *Student Coupon Book* good for all athletic events and a *Lecture Course* held at the University, provided for each student who pays for as much as 3 semester hours per semester. This is non-transferable, because it is provided at a wholesale rate, much lower than can be sold to the public. It is not a purchase but a student privilege. Hence, if presented by anyone else it will be taken up and cancelled. If lost, no duplicate will be issued, but the matter should be reported to the Business Office at once, so that in case the original is recovered, it may be returned to the rightful owner.

The *Student Publication Fee* of \$6.00 is payable once each session by every student who enrolls for as much as 9 semester hours. It provides a copy of the Annual, The Horned Frog, and a subscription to the weekly paper, The Skiff.

Board and Room. All students who are not living with their parents or some relative are required to room and board in the dormitory, except those 21 years of age or over, senior girls, and junior or senior boys, and any student whose job requires living outside.

Board cost is estimated by the semester. It is assumed that each student will miss some meals by visits and week-end trips, and no refund is made for these. It is the policy of the university to use only the best quality of food at a fair price, rather than to lower the rate and serve cheap food. Also the student is encouraged to eat regularly rather than to shop about.

Guests of students will pay the same rates for board and room as are charged the students. Board may be paid for by the meal.

Medical and Nurse fee covers the service of the resident trained nurse, who gives her full time to this work, to the services of the university physician which he can render in the dormitories, or in his university office, and such common medicine as can be supplied from the stock without prescription. It does not include any hospital service, or operations, or medicines required by chronic ailments acquired before matriculating.

Room Deposit (\$6.00) is required as a guarantee to cover any damage or breakage by the student. Any balance remaining is refunded when the student finally withdraws from school, on surrender of the original receipt, provided all his accounts with the business office have been paid. Each student is responsible for any damage in his own room. Items prohibited in the rooms are electrical irons, double sockets, and other such equipment, cooking, and preparing meals.

Library Deposit (\$5.00) is required once on enrolling, as a guarantee to cover losses or fines on books. After fines reach \$2.00 they must be paid in cash, leaving the student deposit intact. On withdrawal from school, \$4.00 of

the deposit, less fines, will be refunded on surrender of the original receipt, provided all accounts with the business office have been paid.

A *Change Fee* of \$1.00 is charged for dropping, adding, or changing a course after the regular matriculation period.

A *Physical Examination Fee* of \$1.00 is charged for taking the examination after the regular period for this is past. Taken at the assigned time, it is free.

A *Vaccination Fee* of \$1.00 is charged for the vaccination by the university physician at any time. The student is urged to be vaccinated before entering, however, and to bring a certificate.

EVENING COLLEGE

Beginning with September 1936, the classes of the afternoon and evening will be organized into a definite unit of administration to be known as the Evening College. The offerings will be adapted in form and time to the needs of persons who are occupied during the day hours, but who can take part-time college work in the evening.

The offerings are designed to serve at least three groups of people:

1. *Public school teachers*, both in Fort Worth and other cities. The "night classes" which have been operating for years have included this class largely. These offerings will be expanded.

2. *Men and women in the business world*, in increasing numbers are eager to continue college work; it is quite feasible to do so. With this group in mind as the largest field of expansion, the Director of the Evening College selected is the Head of the Department of Business Administration, and the new courses will include many in Commerce, Accounting, and Economics.

3. *General Adult education*, without regard to college credit will be included. Many modern conditions are demanding and making practicable, the continued study and growth by adults. By omitting the limitations necessary for graduation credits, courses can be adapted to practical needs. Gradually this field will be expanded, as the public finds it serviceable.

The teachers of these evening classes will be the regular faculty members. To some extent, each regular teacher will, from time to time, offer an evening course.

Dr. Alvord L. Boeck, Professor of Business Administration and Head of the Department, is Director of the Evening College. It will be an integral unit of the University, under the administration of the President and the Dean.

A special catalogue will be issued in the summer. Arrangements have been completed for the teaching staff.

COURSES OF INSTRUCTION

Explanation of Markings.—Courses numbered from 10 to 19 are for freshmen, and if taken by juniors or seniors are allowed only two-thirds their regular amount of credit. Those numbered in the 20's are sophomore courses, and when taken as required courses by seniors are allowed only two-thirds credit. Those in the 30's are junior courses, and those in the 40's are junior and senior. Those in the 50's are for graduates and seniors only. Those in the 60's for graduates only. Courses in the Brite College of the Bible beyond the 60's are for those who are taking the B. D. degree after having taken the required bachelor degree.

A student may not, as a rule, enroll for a course higher than his rank.

At least 30 semester hours of the 120 for graduation must be in the 30's, 40's and 50's.

The value of the course is indicated by the number; if less than 100, it is a six semester-hour course (*a* and *b* combined); if 100 to 200, it is three semester hours; if more than 200, the hundred digit indicates the value, *i. e.*, 412 is a four semester hour course.

A course subdivided into *a* and *b* may, for special reasons, be credited for one semester without the other; but it is expected to be taken as a year's unit.

All courses numbered below 100 and not divided into *a* and *b*, must be taken for the full session of six semester hours in order to obtain any credit.

Each course runs for the entire session of two semesters unless definitely stated otherwise.

The letters following the names of the courses indicate the days of the week, and the figures the hour of recitation. Each class period is one hour in length.

I. HISTORY OF THE BRITE COLLEGE OF BIBLE

The Department of Bible was a part of the Add-Ran, later Texas Christian University from its founding. So was the training of ministers as far as the Bachelor's degree. Some of the teachers of Bible were, President Addison Clark, 1873-1899; J. B. Sweeney about 1897-'99; President E. V. Zollars, 1902-'06; F. H. Marshall, 1904-'06; Dr. Clinton Lockhart, 1906-'11; Dr. G. A. Llewellyn, 1909-'12; Walter Stairs, 1908-'10.

Graduate work began in 1926 under the new president, Clinton Lockhart. The B. D. degree was conferred on two students in 1907, and one in 1909.

In 1911, Dr. G. A. Llewellyn stirred the heart of L. C. Brite to give \$25,000 to endow a chair of English Bible. Dr. Llewellyn also raised some \$30,000 for the erection of a dormitory to reduce room cost to ministers. It was named Goode Hall after Mrs. M. A. Goode of Bartlett, Texas, who started the fund with \$5,000. His influence, with that of President Frederick D. Kershner also encouraged Brother L. C. Brite to furnish the funds (some \$37,500) for the erection of the Brite College building in 1914.

The Brite College of the Bible, inheritor and perpetuator of these beginnings was then incorporated, and the first session was 1914-1915. The first faculty was President F. D. Kershner, Professor Chalmers McPherson, Dr. Clinton Lockhart and Dean Colby D. Hall. On its Board of Trustees now, are four alumni of the University, one being a minister of the earlier graduates and one from the Brite College era. The endowment funds are handled by Mr. James Harrison as Trustee under bond, without cost to the institution.

The graduates and ex-students number in the hundreds, and are serving in many states and in several mission stations the world around.

Dr. Bacon Saunders, distinguished pioneer physician of Fort Worth, served as chairman of the Board until his death in 1925. Since then L. C. Brite has been chairman continuously.

The Brite College of the Bible (1) Provides undergraduate courses in Bible for students in the College of Arts and Sciences, as set forth in this catalog on page 29. (2) Guides the undergraduate studies of ministerial students, under plans explained below. (3) Affords a professional curriculum leading to the degree Bachelor of Divinity as explained on the pages following.

II. THE UNDERGRADUATE MINISTERIAL CURRICULUM

The standard B. A. degree is the first objective. In this the student is advised to select a major in some social science choosing from sociology, history, philosophy, English, economics, or Bible, or some field under the advice of the Bible teachers. Thus a broad basis will be laid for concentrating upon the Bible courses in the advanced years.

The following table is a guide rather than a set curriculum. It includes required subjects, and suggests other subjects of special value to ministerial students. Selection should be made under the advice of the teachers.

Every student on ministerial scholarship must have 12 s. h. of Bible on the B. A. curriculum.

SCHOLARSHIPS FOR MINISTERIAL STUDENTS

It is the desire to provide aid for students who are commended by their local churches as bona fide candidates to the ministry and who continue a record of conduct and grades to indicate fitness for such a career.

This aid is in the form of scholarships, or reduction of fees, for which the student executes a note payable only in case he does not follow out the ministry. A part of this reduction is made possible by the fact that Goode Hall was built by money donated to reduce costs to ministerial students.

Scholarships for women are limited in number, available only to those who have been in T. C. U. one year, and who give promise of leadership in the church. Preference is given to girls from supporting churches. No obligation for later professional service is exacted.

Scholarships are furnished within the limits of the finances provided by the supporting churches. Preference will be given to students coming from the churches which have been actively supporting the institution. Students away from home, but who cannot live in the dormitory on account of being married, may receive an additional reduction of \$25.00 a semester.

Any student rooming in the dormitory but boarding out, will pay the rates below plus 50 cents per week for extra room rent rate.

RATES FOR MINISTERIAL STUDENTS

<i>For student not in the dormitory:</i>	<i>Fall.</i>	<i>Spring.</i>
Student publication fee.....	\$ 6.00	
General fee.....	50.00	\$ 50.00
 <i>For student in the dormitory:</i>		
Board, room, and tuition, medical fee, less allowance for scholarship.....	140.50	140.50
Student publication fee.....	6.00	
	\$146.50	\$140.50

Deposits, such as Room Deposit \$6.00, and Library Deposit \$5.00, and any laboratory fees, are additional.

Visitor's Fee. Any adult who wishes to attend a Bible class without credit may do so by paying \$6.00 for each class each semester.

Each student accepting one of these ministerial scholarships will be expected to be engaged in some specific service in a religious program. This may be preaching, or teaching a class, or leading a choir, or working in some missionary office, etc. These places may be arranged by the student himself, in any church, but it will be reported, and, in a measure supervised by Mr. Perry Gresham, who has consented to do this advising for the benefit of our students. This service will not be in return for benefits, but for the practical training of the student and as part of his education.

DEGREES

The Bachelor of Arts, with a major in music, or art, is advised. The Fine Arts constitute a part of the best culture of the race and deserve a recognition in this old classic degree. It is, besides, the essential foundation for a professional degree that might follow. The curriculum is shown below.

The Bachelor of Music is reserved for a very few who, after trial, prove to have the capacity for a professional career, for this degree is strictly professional. The curriculum is a modification of the B. A. given below, with 90 semester hours of music. It will be arranged by the director of the faculty for those interested.

THE CURRICULUM FOR THE DEGREE OF BACHELOR OF ARTS, WITH A MAJOR IN MUSIC

Entrance Requirements: The same as for any B. A. degree. See full details under entrance requirements. Briefly, it is graduation from an accredited high school with 15 accredited units.

Required Subjects: These are the same as for any B. A. degree. Briefly they are: science (physics) 3 hours, Bible 6 hours (3 advanced), English 12 hours, a foreign language 6 or 12 hours, a social science 6 hours, philosophy or psychology 3 hours, total 39 semester hours (or 45 if the foreign language is begun in college), and two years of physical education. *The details should be observed on page 26.*

REQUIREMENTS FOR A MAJOR IN MUSIC ON THE B. A.

Major—24 hours in music of which 12 hours must be numbered in the 30's and 40's.

Minor—18 hours in a foreign language, English, history, philosophy, psychology or in public school music, education.

Required: The student must qualify by credit or test for entrance into the freshman course of either piano, voice or violin.

Limits: A minimum of 60 hours "literary" credits; not more than 24 hours may be credited in applied music, and 12 hours of this must be done in residence.

The General Regulations and standards of the University apply in the School of Music. Specific regulations for the music are such as usually apply for the best interests of high grade work.

Table Showing Curriculum.—The first two years as shown below are well defined, but the junior and senior years will vary according to the choice of major and minor, and electives. The subjects may be rearranged under the advice of the director of the department and the Registrar.

APPLIED MUSIC

The courses in Piano, Violin, and Voice are graded by the accepted national standards. Advancement and credit will be given when the student has mastered the grade of work assigned in the curriculum and tested by the staff examinations, which come every nine weeks. The work is measured so that the majority of students will need a college year for each course, but some may take longer. If others can master it sooner, they may do so. All orchestra

and band instruments may be studied for credit in applied music on the same basis as piano, voice and violin.

It is assumed in each case that the student will pursue the B. A. curriculum with a major in music. After a year or two of work, a student of exceptional musical talent may be admitted to the professional curriculum of the B. M. In that case, each course in applied music gives more credit and requires very much more practice.

PIANO

For admission to the college course in Piano, a student should be grounded in correct touch and reliable technique, and play the major and minor scales, and have studied standard etudes such as Czerny, op. 299-1, Heller, op. 45, 46, the Little Preludes of Bach, Loeschhorn, op. 67, and compositions corresponding in difficulty.

Advanced standing will be granted students from accredited institutions, or by examination.

Instrumental ensemble will be required of all students with piano as a major.

 DEPARTMENT OF ART
 1936-1937

Professor Samuel P. Ziegler, Head of Department

M. D. Clubb, Lecturer in Music Art, and Aesthetics

Mary Jarvis, Assistant in Crafts

The Brushes. "The Brushes" is an art club which is affiliated with the American Federation of Art. It has for its object the furtherance of the art interests of the University.

Art Galleries and Exhibitions. There will be an exhibition of student work at the close of each semester. The final exhibition, held during the last two weeks of the school year, will contain selected work from all the work done throughout the year. Original work by the instructors will be shown from time to time. Outside exhibitions will be brought in frequently as an educational feature.

The art gallery at the Fort Worth Carnegie Library contains a permanent collection of American paintings.

There are also special exhibitions of the best work by contemporary painters of America held during January. An exhibition by painters of the Southwest, one by Texas artists, and a Fort Worth show, together with exhibitions by individual nationally known painters form the major art activities. Each year artists of national reputation visit Fort Worth and lecture upon current art subjects, thus creating a stimulating art atmosphere.

Art Library. The art library contains many books, magazines, and reproductions. It is planned as a reference library, and attention has been given to the selection of books of cultural value together with technical handbooks, biographies, history, and general art topics.

Students furnish their own material, except easels and drawing boards. The finished work of students is under the control of the department until after the spring exhibition. The school reserves the right to retain an example of the work of each student done during the year.

COMMITTEES

Advisory Committee: Dean Lord, Chairman.

Professors Hammond, R. A. Smith, Gayle Scott, Rebecca Smith.

Examining Committee: Dean Lord, Chairman.

Students Major and Minor Professors, Faculty Representative.

The President and Dean of the University are ex-officio members of all committees.

ADMISSION. Graduates of colleges and universities of recognized standing are admitted to the graduate school.

Applications for admission must be approved by the Dean of the Graduate School. Applications from other institutions than Texas Christian University must file with the dean an official transcript of undergraduate work. Admission to the Graduate School does not necessarily imply candidacy for a degree.

PREREQUISITES. In all departments, a minimum prerequisite of twenty-four semester hours is required of all graduate students in their major field; six semester hours of such prerequisite must be in the 40's or 50's. A minimum prerequisite of eighteen semester hours is required of all graduate students in their minor field, six semester hours of such prerequisite must be in the 30's or 40's.

Credit by advanced standing to satisfy prerequisites for graduate work must be completed before the candidate is admitted to graduate work. Any student lacking prerequisites in a given field required for graduate work must immediately enroll in the course required to satisfy such prerequisites, and must obtain credit on the course before he will be granted credit in the graduate courses for which he has enrolled.

REGISTRATION. Graduate students will register in the office of the Graduate Dean at the opening of each semester or summer session. The student's program of study must have the approval of the Dean and Major and Minor Professors. Work taken before such approval will not be accepted for graduate work.

CANDIDACY. A student may become a candidate for a Master's degree only with the approval of the Advisory Committee. The applicant must fill out a blank form, provided for the purpose, which must be presented to the Dean at the time of registration.

DEGREE. The requirements for the Master of Arts or Master of Science are: 1. A Bachelor's degree from Texas Christian University or from another institution of recognized standing. 2. Resident work in the University for at least 35 weeks. No work taken *in absentia* or by correspondence may count on a Master's degree. A minimum of 30 semester hours, and whatever additional work in any course a teacher may require in order to satisfy the requirements for the degree. The courses for the degree must all be of senior or graduate rank; must have been passed with a grade of B or more, and must have been taken after the completion of 120 semester hours for the Bachelor's degree. 3. The student must select a major and minor subject, the combination to be approved by the Dean and major and minor professors. Ordinarily the major subject should represent about three-fifths of the entire course. 4. The thesis subject must (1) be approved by the major professor not later than two weeks following the student's acceptance to candidacy; (2) the thesis material must be gathered and the thesis developed under the guidance of the major professor; (3) if a research or problem thesis be chosen, for which a maximum of six semester hours' credit may be allowed, the student must show ability to do careful research work and to make use of available source material; (4) in a more general thesis, for which no semester hour credit is allowed, the student must show familiarity with the subject-matter of the field in which the thesis is chosen, and must show ability to investigate and to treat his subject with a fair degree of completeness; (5) it must indicate ability and accuracy in composition. The first draft of the thesis must be submitted not

less than two months before Commencement Day. Two final copies of the thesis, approved by the student's major professor, must be in the hands of the Dean of the Graduate School before the student will be admitted to examination. Printed instructions as to the form of the thesis may be obtained at the office of the Graduate Dean.

EXAMINATIONS. All candidates for the Master's degree must take a final oral examination covering all work taken for the degree, including the thesis, before an examining committee composed of those under whom he has studied, with the addition of a faculty member appointed by the Dean of the University. The examination may not take place later than two weeks before Commencement Day. Any graduate student who fails in a final oral examination for the Degree will not be allowed to take another examination within nine months; the same rule will apply to a failure in any written examination in a graduate course.

For tuition rates and other fees consult the general statements for the University, page 27. The rates are the same as for undergraduate work.
