Dear Sir.

I received a clipping taken from
the Boston Adv. to-day telling
how your son Lt Amon Carter Jr.
was rescued by war correspondent
Frank Bonniff from the German
prison camp at Luckenwalde
Germany. My son was a prisoner
at that camp and we have
heard nothing from him yet
except a card. His name is
Pfc. John J. FitzPatrick Co. G. 312 INF
he is missing since Dec. 16th 44.

he was brought to you

I am anxiously counting the days until I see my boy thanking you in anticipation of getting some news of that Prison camp

I am Sir

Your Sincerely

Sylvester FitzPatrick

if your son has any information on the conditions of that Camp or of the health of the soldiers there or if they will be coming home in the near future I would be very glad to hear from you or him The reason I am addressing this letter to you is that if I addressed it to your son he may not be home yet and it would take a lot of time before I could get an answer I can imagine how thrilled you must have been when
