

DR. M. L. FRIEDMAN

DENTIST

1703½ LIVE OAK STREET

DALLAS 1, TEXAS

5. 2 - 45

Dear Mr. Carter:

Would appreciate it if you have had any information from your son. He was in the same camp (oflag 64) I believe with Capt. Hugo Frelshmidt. Dr. Frelshmidt was a dentist in my office. I haven't heard from him since the Russians had taken over that part of the country. I do not know whether he was freed by the Russians or taken into the interior of Germany. Any information that you may have heard regarding any of the prisoners in this camp will be very much appreciated. I remain

Yours Respectfully,

Dr. M. L. Friedman
