

HEADQUARTERS ARMY SERVICE FORCES
Office of The Provost Marshal General
Washington 25, D.C.

(Revised 1 June 1944)

The Provost Marshal General directs me to inclose W. D. P. M. G. Form No. 19 which may be used for the purpose of sending a prisoner of war or civilian internee parcel. Should you desire to use this label, it is suggested that the following package mailing instructions be strictly followed.

Only one label at a time will be issued to the designated next of kin, or emergency addressee, to each American internee or prisoner of war officially reported. The label may be transferred to another person if so desired. Each label will be issued in duplicate. The original to be securely pasted on the outside of the package and the duplicate to be placed on top of the contents inside of the package in order that it may be removed by the postal censor. Additional labels will be issued from time to time.

The contents of the package must be listed on Post Office Department Custom declaration Form No. 2966, at the time of mailing. If this form is not available at your local post office, the contents may be listed on plain paper and attached to the package. No postage is required.

The German Government has threatened to confiscate all prisoner of war parcels containing such slogans as "For Victory Buy War Bonds" or other slogans expressing assurance of Victory. Articles containing such slogans on the wrapping should not be included in personal parcels.

The weight of your package should not exceed 11 pounds, gross dimensions, not over 18 inches in length, nor 42 inches length and girth combined. The package should not be sealed and should be wrapped in a manner which will facilitate opening for postal inspection.

The current Export Bulletin of the Foreign Economic Administration provides that gift articles shall not be packed in (1) glass containers, (2) hermetically vacuum or soldered sealed tins or (3) collapsible tin tubes (such as shaving creams or toothpaste tubes), and that the following articles only may be included in the package.
