Mrs. Anthony M. Graham,
807 Wood Street,
Wilkesburg 21, Pa.

Dear Mrs. Graham:

Your letter of October 21 making inquiry about pictures Mr. Carter received from Oflag 64, Germany has been received during his absence from the State.

However, I am sure he would be very happy for you to have a set of these pictures and I am therefore taking the liberty of sending them to you with the hope that your husband is in some of them. Also enclosed you will find an article which appeared in the Sunday Star-Telegram covering an interview with Colonel Drake, senior officer of Oflag 64, who has recently been repatriated. While I am sure you have known or surmised some of these things, still there might be a few items of interest in the story for you. You may keep the pictures as well as the article.

Yours very truly,

Secy. to A. G. Carter.
