

Mineral Wells Texas

June 2nd 44

Mr Amos G. Carter
Ft. Worth Tex

Dear Sir:

Words can not express my appreciation of your kindness to write me all of that information about my son Lt. James Granberry we had only received one card from ^{him} about a month ago, until last Monday his wife sent us her first letter from him, we were very happy to hear from him direct but he could not tell us where he was and when your letter came with all of that information from your son that was wonderful news - again I want to thank you for taking time to write, and please tell your son he will never know how much it really meant to me to receive such good news from "over there" and how I do hope it will soon be an end to this terrible conflict and our boys can all come home.

Sincerely

Mrs Granberry.
