Dear Mr. Carter:

Yesterday we received two post cards from James which were dated previous to the letter I sent you a copy of Saturday, but I'm sending you a copy of these because he mentions that he is receiving mail and I feel sure that your son will receive his also.

Just thought you might like to know what he has to say about things in general.

Sincerely,

Dear Mom & Girls:

This leaves me well and in good spirits. Mail is coming in for me now and already have a total of 12 letters. News is good and getting better. Hope this finds you all enjoying the best of everything. Hope to see you before too long.

Love,

Jim
