Dear Mr. Carter:

I have just noticed that you have succeeded in meeting with your son and that he is safe. May I send you my very warm congratulations upon this very wonderful news and assure you that it is a source of particular gratification to all of us from Ft Worth, at this Headquarters who know you.

It so happens that the Texas tradition is being carried out and the Ft Worth flag particularly unfurled here. In my Judge Advocate Section of the 15th Army, besides myself, I have Major Arnold Davis, Capt. Milton Mehl, Captain Ernest May, all Ft Worth lawyers, whom I have wangled out of other places. They are doing splendid jobs.

Another Ft Worth lawyer, Lt Col. Wm E Dahl is in G-5 of this headquarters and we are associated with him a great deal. I wish that it could have been possible for you to have visited our part of Germany. I know that your visit was a revelation. I hope that you will see that the public in America is informed.

I am charged in this area (and quite a large area, too, it is--unfortunately the "SECRET" has not even yet been removed from our operations and may not tell you just its extent or location) with the investigation of War Crimes. I have a large staff of interpreters, lawyers, investigators, jeep-drivers, clerks, etc, who work night and day "hunting" for these rats who are trying to dig holes and pull them in after them. We've been lucky!

one of  
We have 4 French detectives to help us and today they were driving along the streets of a nearby town and saw a civilian. He arrested him as sure enough he had the "SS" mark under his left arm that those fanatical geniuses were so proud to tattoo there. Gradually they are being run down. It should not be long until some firing-squads are burning powder.

Again congratulating you on your very wonderful good fortune. I am,  
Yours very truly,

*Julien C. Hyer*
