

900 ALTA DRIVE
FORT WORTH, TEXAS

My dear Amos and Mrs. Deakin
- life yourselves - Only people
how much these pictures mean
to see and me! They will be
framed and hung in J. Lee's room

for the day he returns. He has
received permission to make the
trip he had ~~been~~ asking for,
his only fear, now, is that some
one will hold his old injuries
against him and take him
off the boat. He need not fear
us as I know how much he
wants to go and I think anyon

who wants to go - so badly -
must have something to contribute
At the rate "we" are traveling
maybe we will have Amos.
for a Christmas present and
will that not be wonderful

Thank you more than
I can say -

most sincerely
Kate L. Johnson

Tuesday.
