

My dear Mr. Carter,

Words cannot express
to you how much I appreciate
your kind thoughts and
generous effort to help
me pass some of the most
difficult days of my life.

The exquisite Blue Hydrangea
whose container is so perfectly
facketed, is one of the most

Beautiful plants I have ever
seen anywhere and stands
on my table radiating all
the courage and energy it
was sent to give. I will
always be deeply grateful
and cannot thank you
enough.

When you first saw
Amor Jr's handwriting, it
must have been like a fairy
story, that in such a short
time a few lines could pass

between you. We are all so
happy this privilege has been
given you both during
Amos' days behind barred
wire. May God grant that
he will be comfortable.

With best regards,

Always most sincerely,

Helen Leven Kennedy
