Dear Mr. Carter,
Brooks has been returned to U.S. and
is at the Clostry Hospital in Temple now.
He was wounded last Jan. you know
in Africa. We don't know how long he
will have to stay here but expects to
be released in a few weeks anyway.
Shen a fun laugh! And we surely hope
to see you. Brooks has plenty of wild
tales to tell about the boys in Africa
which I am sure you would enjoy.
How about getting that nice secretary
yours to drop us a card? Sincerely, The Martins.
