Mr, Amos G. Carter

Dear Sir & Friend,

I received several days ago the copy of your letter to Mr Norman H. Davis & your enclosed personal letter, & two days ago I received his reply to same which was so kindly forwarded to me during your absence from the City.

I hardly know how to begin to thank you & every one else that was concerned, my Wife & I both thank you from the very depths of our hearts & think it was mighty swell of you to take time out from your rushed & busy days to try to help us, we shall never forget it & trust that our Heavenly Father will grant you an extra blessing, & I feel sure that he will,

Of course it is true that Mr Davis did not give us any information, but we thoroughly understand & appreciate it just the same. we shall continue to do as he suggests, wait, hope & pray that it works out all right, we are so glad your own Dear Boy is safe & is being cared for, we ask <sup>God</sup> every day to bless & care for him & bring him back home safe & well.

Again we both want to thank you for your kindness & interest & hope we can at some time in the future be able to do you a kind deed, God Bless you & keep you is our daily prayer.

Very Devotedly, You Friends

Mr, & Mrs, M.D. McLarty
