Dear Amon:

It was good of you to send me the newspaper clipping relative your Walton well in Winkler County, together with the comment that this well was drilled on the tract you bought when we loaned you \$50,000 over the telephone some six or seven years ago. I wish all our loans would be of such benefit to our friends and that they would remember and appreciate it as you have - as evidenced by your little note to me. I understand it is a great property and I sincerely hope it drills up as you anticipate.

Do you hear anything from your boy other than the good news you had some time ago that he had been located and is not missing? My son is in the Marines and I am sure this war can get over just as quickly as it wants to as far as we are concerned. It looks like Mussolini getting fired is certainly the beginning of the end but we will have to keep at it.

Again thanking you and with kindest personal regards,
I am

Very sincerely yours,

ROMc-d
