Dear Mr. Carter,

That was very nice of you to take so much time and give me so full a report on Amon. It is good to know he is well, but he has experienced so much!

I want to reassure you that when I write to him in a day or so I will tell him that I shall not expect any answers to my notes, inasmuch as he is permitted so few communications.

Thank you again for all of your trouble and with very best wishes,

Most sincerely yours,

*Nancy K. Peters*
