Dear Amos:-

I got a real thrill from the news of Amos Jo's release and your meeting with him.

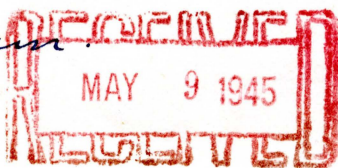

I can imagine your joy at the reunion. It must have been your life's greatest moment.

It must be a great relief to you to removed from your mind the worry and uncertainty which you have suffered for so long a period, during which you have demonstrated your greatness and courage.

Amos Jo must be a chip from the old block.

With best wishes to you both.

I am,

Sincerely yours,

Howard Davis
