HENRY M. DAWES,
PRESIDENT

Dear Amon:

I just saw in the paper this morning that your son had been released from a German prison camp. This is only to tell you how happy I am that your anxieties in connection with him are at an end. Perhaps I am assuming too much, but I certainly hope that he will come out of the thing without any permanent scars of any kind.

It has been a terrible ordeal that you have gone through.

With personal regards,

Yours very sincerely
