Mr. Amon G. Carter,

The Fort Worth Star-Telegram,
Fort Worth, Texas.

My dear Mr. Carter:

This letter is written while you are still in Europe, but while I am sure your heart is literally bursting with the joy of seeing your son released from a German prison camp. As we read the news of his release and of your meeting with him, Mrs. Dudley and I rejoiced with you - and him - in the good fortune which finally has climaxed the hard fortune under which you have been laboring since the days of the African campaign. We thank God that he has been spared to you and our country. We believe that we know how you must feel and we are happy with you.

Sincerely,

Ray L. Dudley
